1997 GULFSTREAM GIV-SP 1297

This one of a kind low-cycle GIVSP has been extensively upgraded beyond the standards of a G450:

- NextGen compliant G450 PlaneDeck cockpit, upgraded with Infrared Vision and RAAS for superior safety and situational awareness.
- 13 passenger cabin featuring private-club-like seating with 10 extra-large seats, a large silk-covered divan, and custom silk window-line.
- Dual state-of-the-art entertainment systems enable passengers to individually view different content:
 - Collins Venue—the finest CMS available—replaces unreliable Gulfstream cabin controls. New custom-machined drink rails accommodate beautiful seat-side touch-pad controls.
 - GoGo UCS-5000 automatically downloads the latest movies for private playback on passengers devices.
 - Superb Alto audio.
- Extensive soundproofing: one of the quietest aircraft in the sky.
- Pristine cabinetry including fully equipped, updated galley with microwave and high temp ovens, coffee and espresso.

1997 GULFSTREAM GIV-SP 1297
